Contact customer service about Private Label  
 300 Door Lube and 900 LubriSpray

**1-800-628-3667**

**Artwork:**

National will supply a label master, including all descriptive information as is found on our standard labels. Provide us with your logo artwork, phone numbers, color samples etc.. A proof of your label will be prepared for your approval. Select from our standard colors for 2 color labels. More than 2 colors or custom colors will require small upcharge.

**Note:** Be careful using any product that contains silicone, as it will cause paint failure where it gets on a painted surface.
